

**UHF Solutions**

# **COMPANY PROFILE**

we make IT easy

# ABOUT US

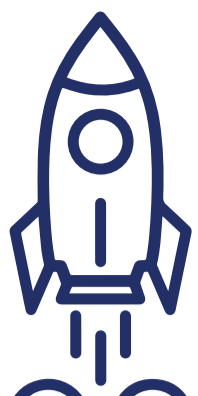

UHF Solutions is an IT service provider already operative in Pakistan and is now opening operations in Dubai, UAE. In this era of digitalization, we have been committed to providing technical solutions to SMEs and help business grow, be cost-effective, and gain a competitive edge.

# AGENDA

- ▶ Provide technical solutions to businesses to automate digitalization
- ▶ Save man hours and improve efficiency
- ▶ Ensure sustainability by going paperless in the world
- ▶ Talent Development and Employee Well-being
- ▶ Support divergence in workplace ensuring equal opportunities for all

# How it all **STARTED**

**2015**

## **INCEPTION OF UHF**

UHF Solutions was created with the vision of making IT easier for individuals, small enterprises and large organizations to a wide range of companies/sectors in Pakistan.

**2016**

## **A YEAR OF ENTHUSIASM**

We aimed and succeeded onboarding Automobile firms. We provided them customized and personalized IT solutions for their problems resulting in 10% customer satisfaction.

**2018**

## **A YEAR OF EXCELLENCE**

We succeeded in capturing the Banking industry. We offered them solutions for their IT obstacles that included Salesforce, Email, CRM, and ERP Solutions etc.

Journey **CONTINUES**

## **SURVIVAL YEAR**

Surviving was hard for many organizations in 2020 due to the pandemic. However, with the immense efforts from our warriors, we were able to sustain ourselves in the industry by providing 360 Solutions to our clients.

**2021**

## **A YEAR OF GROWTH**

We have established a range of products including Khizar, Asan Car, Hukum Sarkar, Salesforce, and others to give our clients a better and more convenient experience in their IT journey.

**2022**

## **A YEAR OF EXPANSION**

We plan to offer our customers a wider, better, and more convenient experience with our IT solutions and products.

## Expanding our **COMPANY**

In **Dubai, UAE** and offering expertise services in a new region to help organizations digitalize and improve businesses.

# Our PORTFOLIO

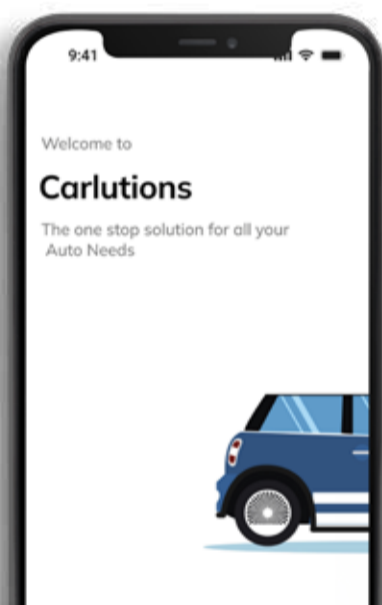

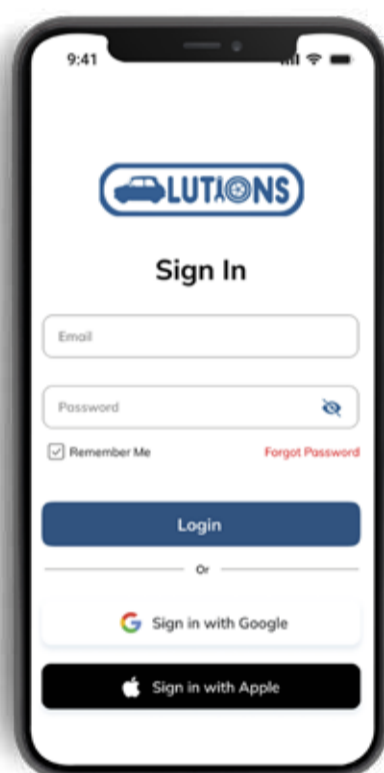

## HotWorx

Mobile application on both platforms for fitness gym trainers that helps them in recording their training sessions integrated with i-Watch & Fit-Bit gadgets. The App is used by Planet Beach which operates one of the largest gym chain in USA.

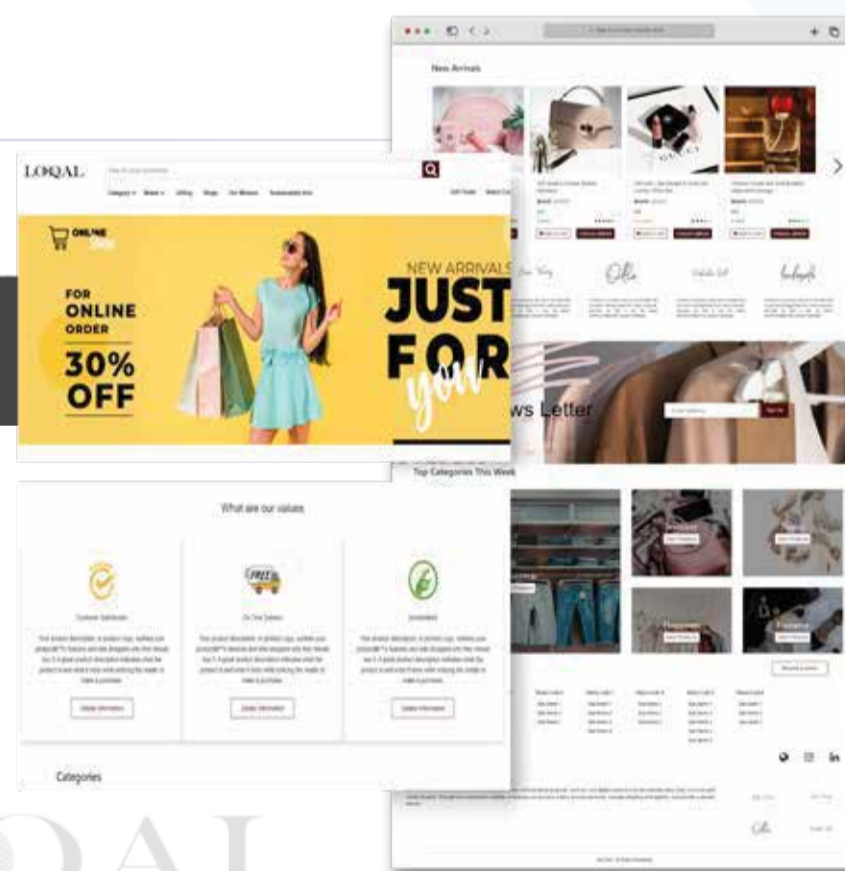

## Carlutions

The scope of the project is to design and develop a Multi User Mobile Application, centered to Car Brokers, Dealerships and Consumers within the United States with a detailed Web Application/Portal to manage back-end functionalities and operations.

## Looqal

Scope of the project is to design, develop and maintain a Multi-Vendor E-Commerce Platform for a B2C model, acting as a marketplace for both buyers and sellers with a friendly interface and will be used as a platform for the two parties to connect.

LOOQAL

## Canon

This Product Traceability App is backed by web admin panel to help Canon Pakistan in Customer registration through mobile app. Admin panel helps generate unique code for each product which can be printed on labels and scanned through app to verify authenticity of the product.

Canon

# Our PORTFOLIO

## Meezan Bank

Sales Force Application designed exclusively for Financial Sector gives financial organizations to empower sales force with digital tools, native calculators, real-time customer & portfolio management, lead generation, lead management like Ride Hailing Apps and most importantly integrating them with core banking/financial solutions to have real-time updates in a secured environment.

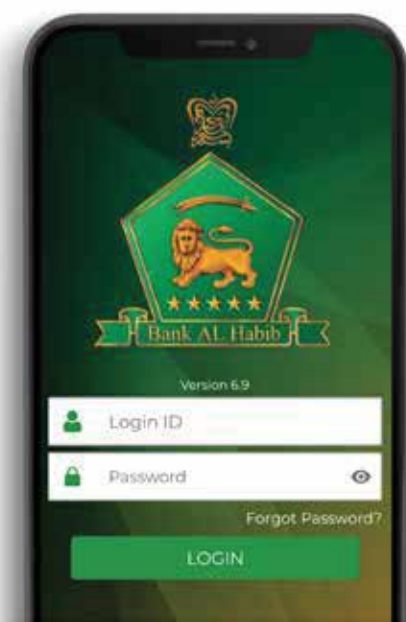

## United Bank Limited

This Sales CRM Application includes a mobile app for field sales with GPS tracking and a web app for managers to monitor and report. The goal is to improve sales efficiency, cost optimization and decision making for UBL users.

## Bank Al-Habib Limited

Sales system CRM includes mobile app for field sales with GPS tracking and a web app for managers to monitor progress and report. The goal is to improve sales efficiency, cost optimization and decision making for Habib's users.

# Our PRODUCT

## SALES FORCE

Salesforce Digital App is a worthy solution to the banks. The objective is to eliminate manual documentation and automate the sales hierarchy and the work of people on the field.

## HUKUM SARKAAR

Hukum Sarkar has been a successful product of UHF Solutions. It is an effective delivery service that offers door-to-door delivery of anything and everything such as food, fruits, groceries, meat, medicines, and any other items.

## APP UTURE

Apputure aims to help organizations thrive in the digital world. We offer our expert services in mobile app development, web development, web app development, customized software as per your requirement, business development, and cross-platform app development. We wish for your growth and success via our expert services.

# Customer TESTIMONIALS

---

Highly recommend UHF Solutions for their effective IT solutions. Their tailored approach resolved our IT challenges, enhancing our gym franchise's operations and member experience. Their support has been valuable in our success.

**Robyn Powell**  
**Vice President IT**

UHF Solution's expertise and innovative solutions have substantially improved our IT infrastructure and operational efficiency. Their proactive support and commitment to our success make them a valuable partner. We highly recommend them for all IT related projects.

**Mehdi Abbas**  
**EVP & Head of Sales Personal Banking**

We are pleased to recommend UHF Solutions for their outstanding IT services. Their tailored solutions have significantly improved our manufacturing and supply chain operations. Their proactive support and commitment to staying current with technology trends make them a valuable partner in the automotive industry. We would definitely endorse UHF Solutions.

**Shah Abdullah Raza**

# Our SDG's

---

## Sustainability:

Our company promotes sustainability through automation and reduced paper usage, offering eco-friendly software solutions and advocating for remote work to minimize commuting and carbon footprint, aiming to inspire a greener future.

We prioritize diversity, empowering employees to reach their potential through training programs, fostering connections, and driving our company's success by doing right by all.

## Diversity:

## Giving Back To The Society:

We actively engage in community initiatives, including blood donation drives, support for underprivileged children through donations to NGOs, and promoting environmental sustainability through local dustbin installations, aiming to make a positive societal impact.

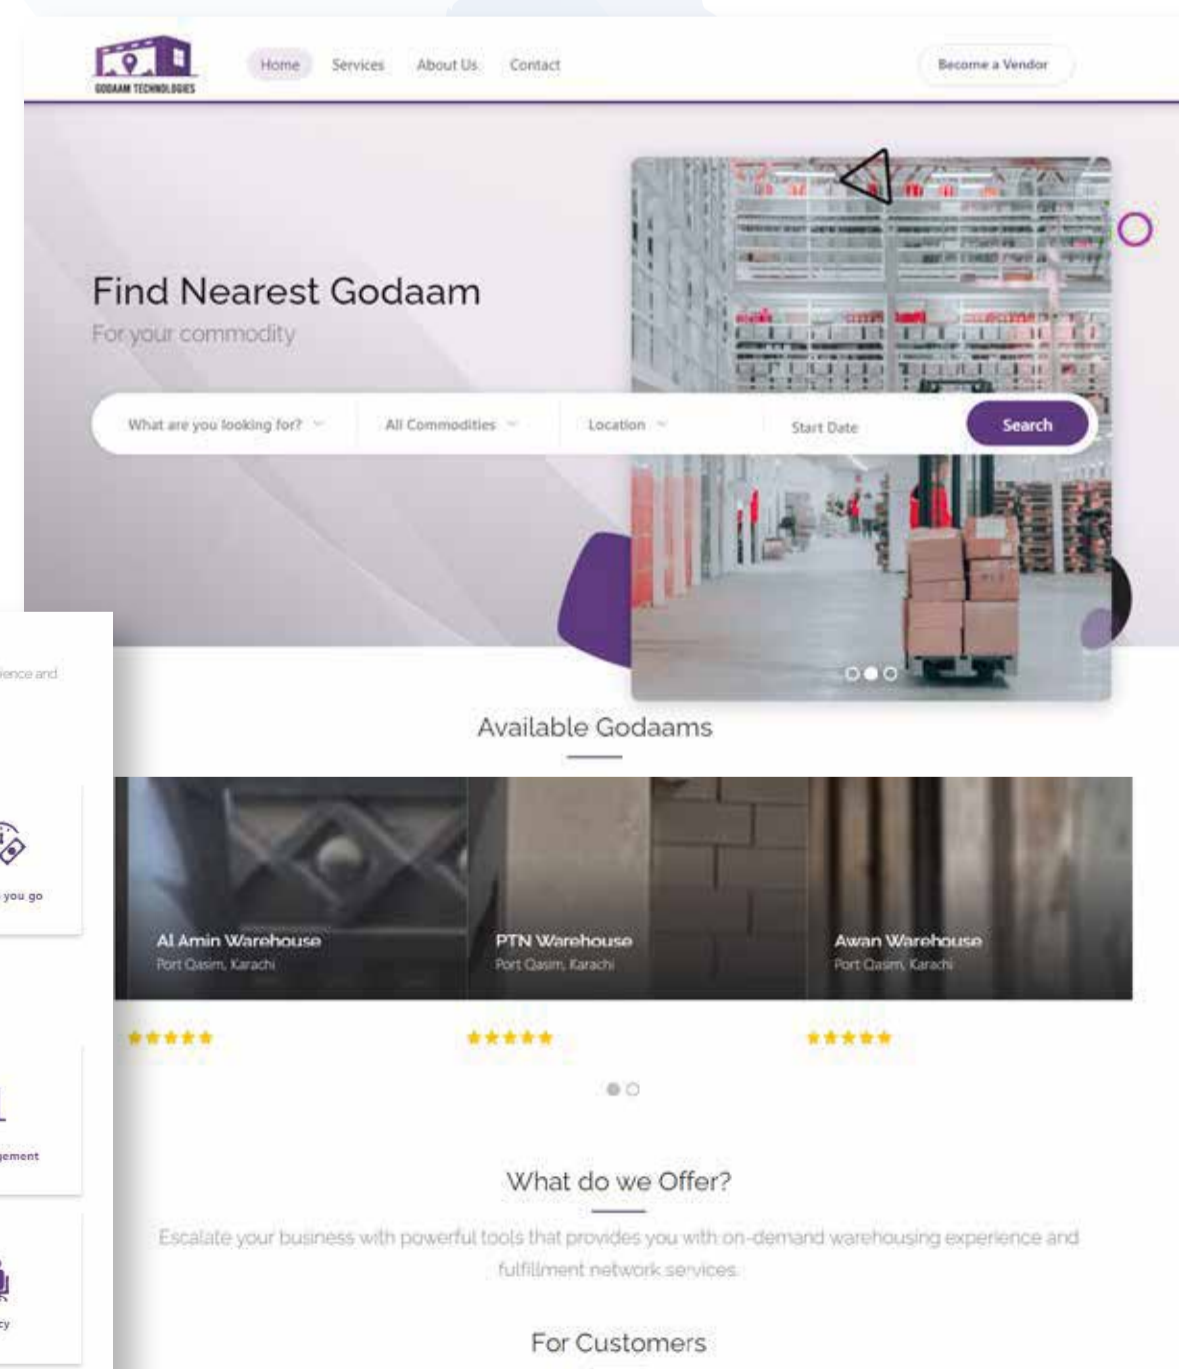

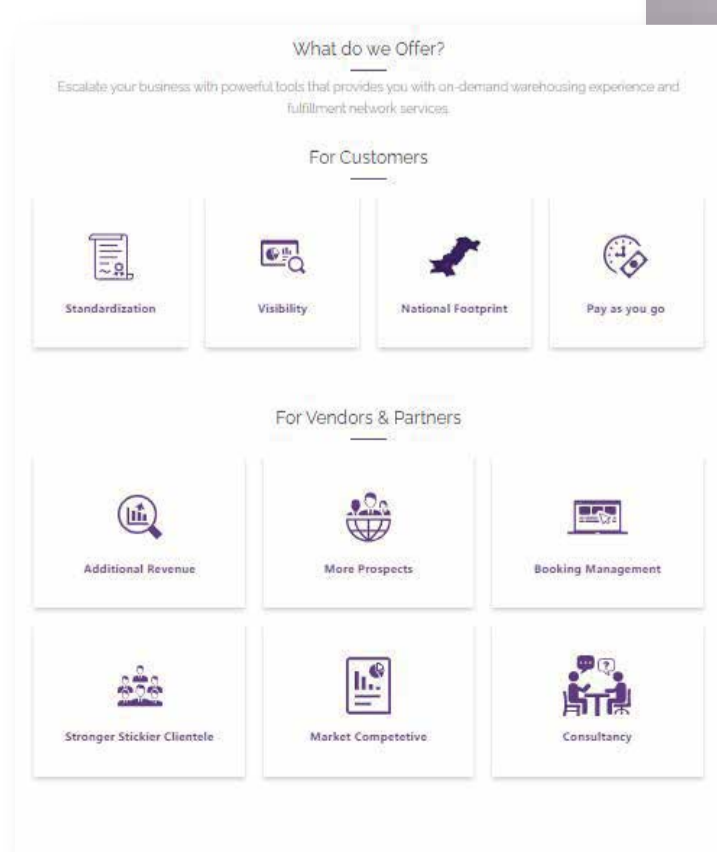

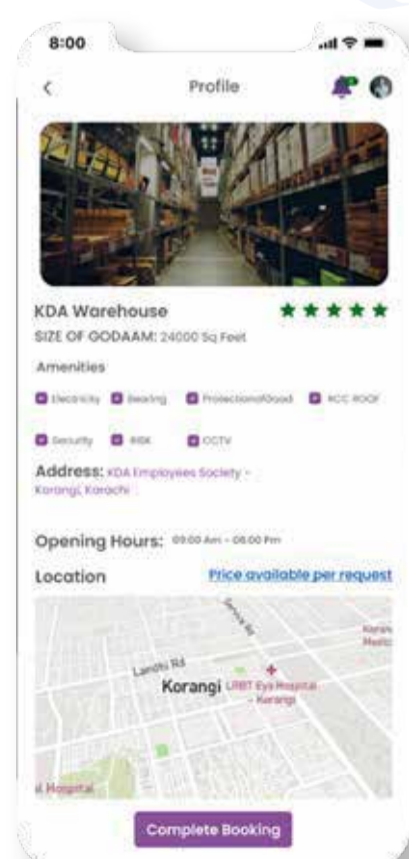

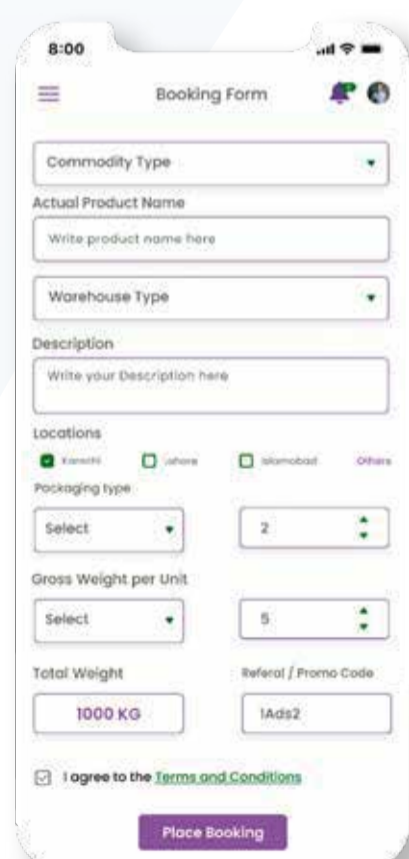

# Our STARTUP

Godaam Technology is one of its kind. We aim to escalate your business with powerful tools, providing you with on-demand warehousing experience and fulfillment network services. We intent to solve warehousing and distribution obstacles for organizations via the effective use of technology.

The objective of Godaam Technology is to reinvent warehousing by digitalizing site availability and booking, providing end-to-end transparency of goods, and offering scalability all around Pakistan.
